

## Gold Premium Oil

- ORAL APPLICATOR

If you're looking for a high concentration of CBD, Gold Premium Hemp Oil is for you. Gold Premium Hemp Oil is a full-spectrum, filtered CBD hemp oil, extracted from the hemp plant and packaged without additives. It contains more CBD per serving than any other product we offer.

This product has our highest potency, providing 120 mg of CBD per serving and 3600 mg of CBD per tube. Gold Premium Hemp Oil is decarboxylated to maximize CBD content and filtered to remove the excess waxes, chlorophyll, and plant material, giving the oil its golden color and refined taste.

Administered by highly experienced quality assurance and verification professionals, the U.S. Hemp Authority™ Certification Program is an industry initiative specifically designed to educate hemp farmers and processors in FDA Current Good Manufacturing Practices (CGMP) and Good Agricultural Practices (GAP). Hemp growers who comply with the U.S. Hemp Authority Guidance Program, and are verified by a 3rd party audit, will be authorized to use the U.S. Hemp Authority™ “Certified” Seal in their advertising materials. This seal provides consumers and law enforcement officials with a sense of confidence that their products are safe and of the highest possible quality.

In 2014, Kannaway became the first direct selling company to distribute CBD products. From the nutrient-rich farms in which we cultivate our hemp to our rigorous Triple Lab Testing™ process, we are committed to providing our customers with a true Soil to Sale™ experience, delivering the highest grade CBD products on the market today.
