

Kannaway Boost

Ignite your body's natural immunity to powerfully protect your health and well being with Kannaway Boost, our immune support supplement. These tablets are made with a crafted blend of two unique and carefully considered ingredients, Proimmune®'s Immune Formulation 200® and Vitamin D, to help supercharge your system's first-line response to immuno-compromising invaders and stress.

ProImmune 200 - a patented composition of amino acids that helps support an increase in bodily levels of glutathione, the body's master antioxidant.

Vitamin D - a prohormone that encourages a healthy immune response in both the innate and adaptive systems and builds serotonin to promote better mood.

The U.S. Hemp Authority™ Certification Program was formed in order to provide consumers, regulators, and law enforcement officials with the assurance that hemp-derived products are safe and legal. In a joint effort spearheaded and funded by the U.S. Hemp Roundtable, and supported by organizations such as the Hemp Industries Association, state pilot project participants, industry-leading firms, top-grade testing laboratories, and quality assessors, the U.S. Hemp Authority™ created a comprehensive guidance strategy for hemp farmers and processors.

Built on the foundation of our Soil to Sale™ pledge, Kannaway has grown to become one of the largest, fastest growing cannabis companies in the world. Our ongoing promise to use only the most nutrient-rich farms, the most effective techniques, the highest safety standards, and the best education materials on cannabis and CBD, are the four pillars in which we continue to build our success.
